## DAVIS ACCESS LTD COVID-19 TRAINING STATEMENT

Below is a host of ways Davis Access Ltd has altered our training centre to prevent the spread of COVID-19 while training delegates attend training courses with us:

- Any candidates showing symptoms of COVID-19 as outlined by the government or world health authority (WHO) must not attend.
- Candidates to arrive on time. If early or at the same time as other candidates, they should remain in their vehicle or maintain social distance of two metres prior to entry.
- Delegates to enter our training centre 1 at a time.
- On arrival temperature of the delegates will be taken and recorded prior to entering the training centre.
- Any delegates with a high temperature WILL NOT be allowed to enter the training centre.
- On entry to our training centre all delegates will be asked to always wear face masks/ face shield while in our training centre.
- Previously delegates who could not wear a face masks due to a medical condition were exempt. This is no longer the case. If a delegate has a medical condition that prevents them from wearing a face mask, they must instead wear a face shield (supplied by you or themselves).
- Delegates will also be asked to check in via our QR code for the NHS Track & Trace. Please make sure all delegates the NHS app downloaded to their phone prior to the course date.
- Adapted training centre with a 1-way system and additional social distance signage put up around the training centre.
- All delegates will be asked to wash / sanitise hands frequently and practice good respiratory hygiene.
- All training facilities will be deep cleaned with disinfectant before and after use.
- All training equipment will be cleaned with disinfectant before and after use.
- Candidates should bring their own pen for writing.

**Davis Access Ltd.**  
Unit 4 Bakers Park  
Cater Road  
Bishopsworth  
Bristol  
BS13 7TT

- **All IPAF delegates using training equipment will be asked to wear disposable gloves and clean the controls with disinfectant before and after use.**
- **All First Aid delegates will be required to wear face masks and disposable gloves while carrying out the practical elements of this course. All First Aid delegates who perform CPR / Unconscious / Choking Casualty practical training on our manikins will be asked to clean our manikin's with disinfectant / alcohol wipes before and after use and follow COVID-19 guidelines set out by HSE and Resuscitation Council (UK). The CPR rescue breaths are optional during this time. If delegates do wish to carry out CPR rescue breaths, the delegates will be asked to use CPR face shields on the manikins as double fail safe level of protections as all manikins used will be equipped with disposable non-rebreathing airways with one-way valve that are changed after each course for maximum delegate safety, After practical training, the delegates will be asked to re-wash / sanitise hands.**
- **All delegates to bring their OWN PPE EQUIPMENT for training courses as advised by the Government or WHO.**
- **Candidates should bring their own food and drink as we will not be offering refreshment during this period.**
- **Candidates experiencing symptoms within 14 days of the course must notify Davis Access Ltd to enable contact with all attendees.**

**Whilst this updated policy may seem inconvenient for some, we believe that the added safety is worth any inconvenience.**

**Our aim is to continue to provide a safe training environment for our delegates and to provide a safe work environment for our employees.**

**Thank you for your understanding and cooperation**

**Marcus Davis**
